

Calculate Your Distribution Amount

Use our distribution calculators to estimate your distribution prior to submitting your request.

How much will you receive?

When taking a cash distribution, taxes and fees may effect the amount of your withdrawal [click here](#) to calculate the estimated amount of your withdrawal.

Need a specific dollar amount?

Calculate the amount needed to request in order to receive specific dollar amount once taxes and fees have been withheld by clicking [here](#).

Interactive calculators are for simulation and hypothetical purposes and are not intended to provide investment advice. Sentinel does not guarantee its accuracy to personal circumstance; we encourage users to consult a financial professional prior to submission of a formal distribution request.
