

Status of Your Distribution Request

Once your distribution request is submitted, it will route through a few review and processing steps. For transparency, we provide line of sight into their activities for you, directly on the Dashboard page of your online account.

All distribution requests are sent for approval -- this action is typically completed by your Employer.

Once the distribution is reviewed and approved, the payment will be processed. Payments are generally received within 7-10 business days for a check; 5-7 business days for direct deposit (if available).
